

# Introducing the KALC Scholarship Fund

Keeping Our Doors Open for the Children of Camden

August 2011

## What Kids Alley Learning Center means to me as a parent in Camden by Christal & Lamont Young, *Parents of Students at Kids Alley Learning Center*

*"The Kids Alley After School program has been a blessing to my family. We have seen such positive results in our children's homework and school work because of their attendance at the Learning Center over the past school year. Both my children have improved their reading abilities and study habits to maintain on honor roll throughout the past year. As working parents, nothing pleases us more than to know that our children's homework is done. Living in the city of Camden, children are faced with so many life obstacles, more negative than positive. The Learning Center is definitely a positive outlet that is safe and that encourages continued learning. It will sadden us dearly if the doors of Kids Alley were to ever close because they have become a part of our family. We are a young couple with no parents and not many relatives nearby. Thank You for all you do for us and our children."*

### \*How You Can Help KALC Students\*

We must have \$18,000 to open our doors in September. The **Scholarship Fund** is to assist deserving children from low-income families to benefit from KALC's enriching after-school program. Our programs are essential in accelerating and meeting these children's educational, emotional, and social needs.
